Dear Parents/Guardians

We are very concerned by the Grade 7, 8 and 9 learner's attitude towards social distancing. We realise that there is definitely Covid fatigue and with the decreasing numbers at the moment, some are just disregarding the protocols and seem to not care at all.

Neither the Health Department nor the Education Department have given schools permission to relax protocols. Therefore, if we want to carry on having school we need to ensure that we do what is expected to keep learners and teachers safe.

The following need to be understood and followed:

- **All learners should be 1,5m away from each other at ALL times.**
- **No hugging or contact**
- **Masks to be worn over nose and mouth at all times on school property except for the duration of eating their lunch at break.**

Please can you have a very serious talk to your child explaining that these laws have been gazetted and are therefore mandatory in South Africa.

Any learner who is determined to endanger the lives of others will be dealt with in a very serious light.

There have been a few news articles predicting a third wave in April/May. We need to be prepared and be proactive and your help in this regard is hugely appreciated.

Kind regards

Mrs A Fickling
DEPUTY PRINCIPAL
