

PEPPS Motheong FET Subject Change

When a learner qualifies for a specific subject selection at the end of Grade 9, it is expected to follow through with those subjects for the next three years in the FET Phase.

Amendment of Regulation 17 of the regulations as per Government Gazette 20 November 2015:

Grade 10 learners may change subjects in Grade 10 at the end of the second term, **subject to the approval of the Principal** of the school where the learner is registered.

(We rather encourage learners to make a subject change by the end of the first term as beginning knowledge will be lost if this is done later in the year)

Learners may change 2 subjects in Grade 11, provided this is done before 31 March, **subject to the approval of the Principal** of the school where the learner is registered.

In exceptional cases a learner may change one additional subject in Grade 11 provided this is done before 15 December of the Grade 11 year. (This is however not encouraged by the school policy.)
