26 November 2024  
Dear Parents and Guardians,

Please find attached our fee structure and a summary of the stationery order per grade for the 2025 academic year as discussed in our General Annual Parent Meeting.

**School Fee Increase and Government Subsidy Cuts:** As discussed at our Annual General Parent Meeting in August, we have had to adjust our school fees for the upcoming year. This adjustment is a direct result of a significant reduction in the subsidy that compliant independent schools receive from the government. While we did not anticipate this subsidy cut within the 2024 academic year, we absorbed the financial shortfall in our budget for this year. Many schools in similar situations required parents to make additional payments to cover these gaps. However, we are committed to keeping additional financial burdens to a minimum.

We want to assure you that if any opportunities arise that would allow us to reduce school fees, we will explore and apply them. Unfortunately, at this time, none of the factors that could lead to a reduction in educational costs have come into play.

**Stationery and Materials:** Our stationery order has been carefully prepared based on previous years' consumption records, ensuring that the provided materials should be sufficient for your child throughout the year. We kindly remind all parents and guardians that we work collaboratively to take care of these items. It is essential that learners are held accountable for their stationery and scripts. In cases where items are lost or damaged due to negligence, parents will be responsible for replacing them.

**School Bags as Part of the Uniform:** In an effort to maintain uniformity and durability, we have introduced a standardized school bag as part of our school uniform policy. This decision follows our experience with the current bags, which have proven to withstand the wear and tear of daily use by our learners. As a result, we will require all **Grade 1, 8, and new learners** to have this branded school bag as part of their uniform for the start of the 2025 school year.

For learners who already own a suitable, durable school bag, we will allow them to continue using it. However, when it needs replacing, we will expect the official school bag to be purchased.

As a reminder, we also ask that all learners, particularly in the high school, use bags designed specifically for school books. Backpacks or sport bags not intended for this purpose will not be permitted.

**Uniform Updates and Sportswear -** Please note the following updates to our uniform policy:

- **Black Takkies and Socks:** Only **black takkies** (Without any decorations or branding in other colours than black) with **black ankle socks** will be permitted as part of the sport uniform. We ask that all learners adhere to this requirement to maintain consistency and discipline. No white takkies will be allowed. The two-year transition period expired at the start of 2024 but we still have parents who do not support compliance.
- **New Pull-Over:** We have introduced a pull-over for warmer days, which will be available for purchase at the uniform store by the start of next year. The cost will be **R300 per item**.

**Parental Responsibility and Support:** It is important to emphasize that it is the responsibility of each parent to ensure their child is in full compliance with the school's uniform requirements. We ask for your continued support in ensuring your child arrives at school properly groomed, in uniform, and ready to learn. Your cooperation in maintaining a disciplined and well-organized environment is essential to the success of our school community.

**Thank you for your understanding and support** in these important matters. We appreciate your continued partnership in providing a conducive and structured learning environment for all our learners.

If you have any questions or concerns, please do not hesitate to contact us. We look forward to a successful and fulfilling year ahead.

Yours in Education
